From the Sale Manager --

A breed can only advance as rapidly as its sources for improving seed stock. The "Browns of Kentucky" Sale has always provided an opportunity for breeders to buy top stock bulls or strengthen their female herds. Now with the addition of Lone Star this will be a presentation from three of the strongest herds in North America.

I visited Kentucky late last fall and saw the excellent group selected for this sale by Ashbourne and Brown-Forman Experimental Farms. Gene McDonald visited Lone Star, spent one of the most interesting days of his life in this herd, and returned high in the praises of the 25 head they are sending. This does not surprise me because I know owner R. E. Smith and manager Charles Wuest consider the main purpose of this is to acquaint breeders with the fact that Lone Star is producing some of the best Shorthorns in the world.

The Browns are selling 23 by Louada Regalia . . . 8 sons, 15 daughters. They have never before been able to offer Regalias in such quality and numbers and they may never choose to do so again. The Lone Star consignment features such sires as the Perth champion Bapton Daily Express, Beaufort Cyclotron, and Kair Watchword. Nowhere can you find an offering stronger in the finest of imported blood.

"Parade of Sires"

The herd sires listed in the following section are the best America and Scotland have to offer. The combined stock bull strength of the three herds participating presents a clear-cut opportunity for breeders who wish to move forward.

LOÚADA REGALIA

As an individual . . . and as a sire . . . Louada Regalia has won the overwhelming approval of critical cattlemen from every corner of the continent. He was six years old in December and already his sons and daughters have compiled an amazing record.

Twenty-three head . . . 8 bulls and 15 females in the Ashbourne and Brown-Forman consignments are sired by him. Never before has there been an opportunity to select from so many of his sons and daughters. Other females are bred to him or to sons.

We have not printed his pedigree because that of his son, Ashbourne Scepter, appears on page 12.

This is the head of Ashbourne Scepter.

This outstanding son of Louada Regalia was the All-American senior bull calf in 1962.

His dam, Bapton Alice Actress, was one of the top females in our 1957 importation from Scotland. One of her daughters sold in the 1961 Browns of Kentucky sale for \$3,850 to Fralawn Farms, Owen Sound, Ont. The Lone Star herd sire, Bapton Daily Express is also from the Bapton Actress family, his dam being a three-quarter sister to the dam of Ashbourne Scepter.

A half-interest in Ashbourne Scepter was sold in 1963 for \$10,000 to The Lone Star herd. He is being used in both herds. His service will be offered in this sale.

Ashbourne Farms - - - - Built on Imported Females

The far-sighted staff at Ashbourne Farms has assembled one of the best cow herds in the nation only by never being satisfied with anything but the best. The cow herd is culled ruthlessly. Two females that cost \$2,100 and \$1,800 are now in the Ashbourne commercial herd. These, and others that did not meet the high production standards at Ashbourne, were replaced by the very best females that could be imported from Scotland. Ashbourne made large importations in 1957, 1960, 1961 and 1963. To stay in the Ashbourne herd a female has to be good. That's what makes the Ashbourne horizons unlimited.
